

Volkswagen
Carefree Maintenance

Drive more. Worry less.

Das Auto.

We've got your back.

As a new Volkswagen owner, you get a vehicle that's stylish, comfortable and fun to drive. But you also get peace of mind.

See, unlike most cars, yours comes standard with a program designed to help take the worry out of owning. We call it the Carefree Maintenance Program, and for all 2009 model-year vehicles, all of your regularly scheduled maintenance activities* during the first 3 years or 36,000 miles** will be provided at no charge by your authorized Volkswagen dealer.

We'll help you keep your new Volkswagen running at peak performance—because that's just how we roll.

**You're part of
the family now.**

*We understand that VW drivers tend to spend more time in their cars than most people. (It's only natural.)
That's why your dealer may offer an extended service contract for people who drive more than 12,000 miles per year.
NOTE: Does not include routine wear and tear on parts such as brakes, tires, wiper blades, light bulbs, etc.

**Whichever comes first, as described in your vehicle maintenance book.

To know your VW is to love it.

Your new Volkswagen has a lot of great features, but sometimes it takes a little while to get to know them all. Not exactly sure how something works? Wondering if that beep you keep hearing is a good thing or not?

No worries. Just bring in your vehicle for your Courtesy Vehicle Check during the first 90 days or 6,000 miles, whichever comes first, and we'll be happy to walk you through any of your vehicle's features that you need help with and answer any of your questions. For more information about your no-charge Courtesy Vehicle Check, please contact your dealer.

**Questions are the road
to knowledge.**

You're good to go.

Great news: Your Volkswagen has completed the Courtesy Vehicle Check and is itchin' to get back on the road. Enjoy!

The following items have been checked and serviced if necessary:

- Check and adjust tire pressure
(including spare)
- Check belts and hoses
- Check and top off fluids
- Check interior and exterior lights
- Clean and check wipers
- Product review
- _____
- _____

FOLDER

See you farther on down the road.

Of course you're always welcome to visit. But another benefit of owning a Volkswagen is that the maintenance intervals are fewer and farther between than most cars. With the exception of the Routan, all VW vehicles use synthetic oil—allowing you to go farther between oil changes. Kiss the days of 5K miles between oil changes goodbye. And while it's unfortunate that we don't get to see each other as often as we'd like, the good news is that you'll save money and have more time to do the things you really want to do. Like driving.

Vehicle maintenance intervals:

Volkswagen
Carefree Maintenance

▼ Courtesy Vehicle
Check during the
first 90 days or
6,000 miles

▼ All VW models
every 10,000 miles

▼ Routan every
6,000 miles

Please refer to your Owner's Manual for complete maintenance details and requirements.
